

Leatt Growth, AI, Marketing and Experimentation Report

A/B testing, marketing ROI, competitor analysis, SEO roadmap, AI initiatives, and Azure/Fabric credit-use plan.

Real Leatt ZA eyewear collection screenshot supplied in the project brief.

Executive Growth Plays

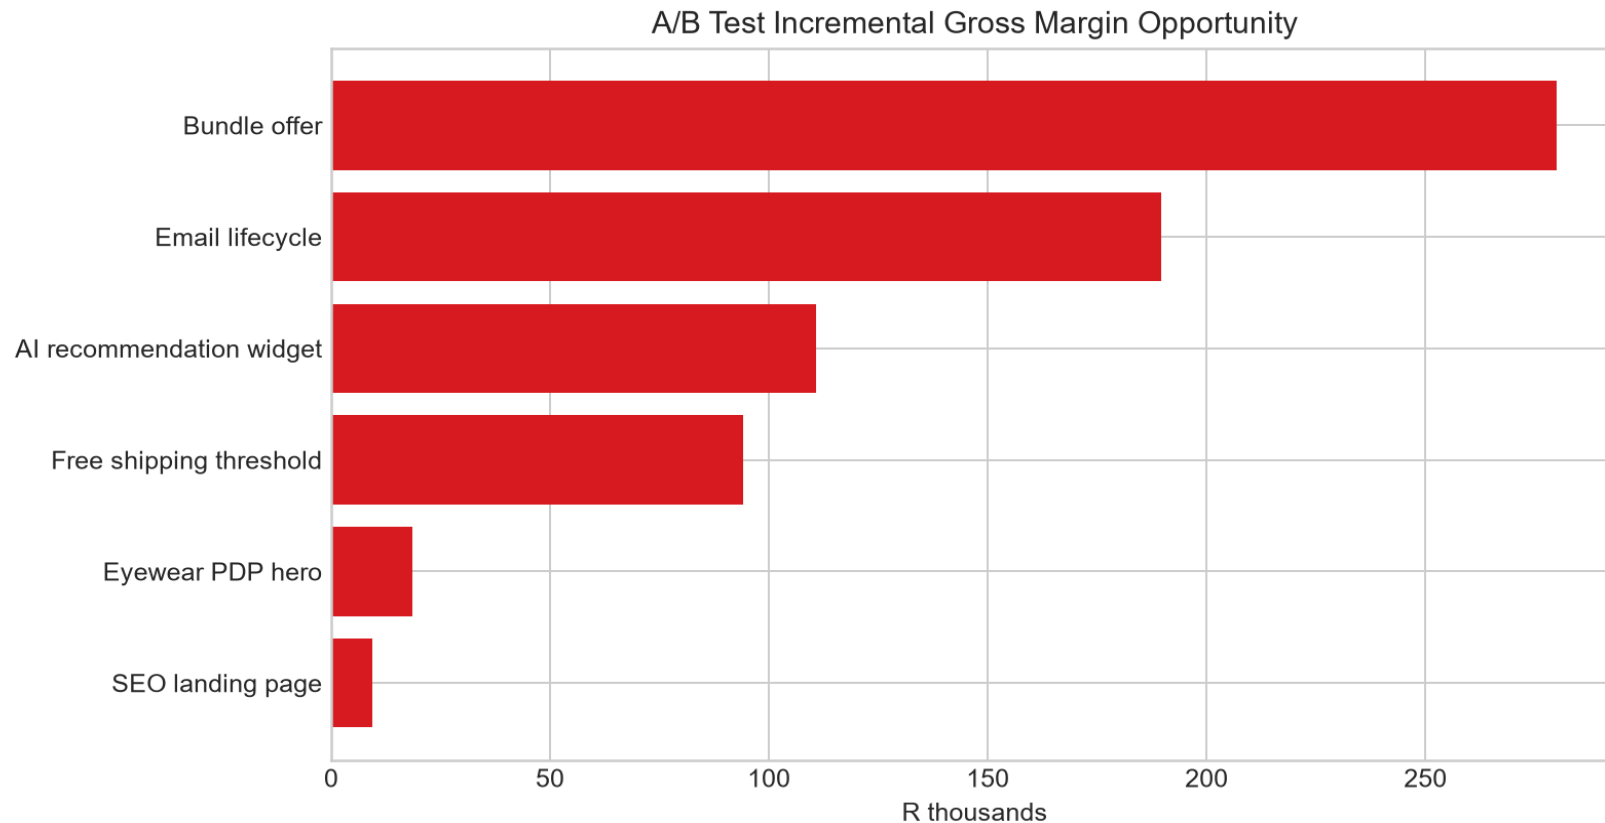

Roll out the strongest A/B winner first: Bundle offer.

Use Direct as the efficiency engine, then use paid search/social for controlled scaling.

Compete against Fox, Alpinestars, 100%, Oakley and SCOTT by owning safety science, fit confidence, and smart bundles.

Build SEO hubs around motocross boots, MTB goggles, neck braces, body protection, and eyewear comparison searches.

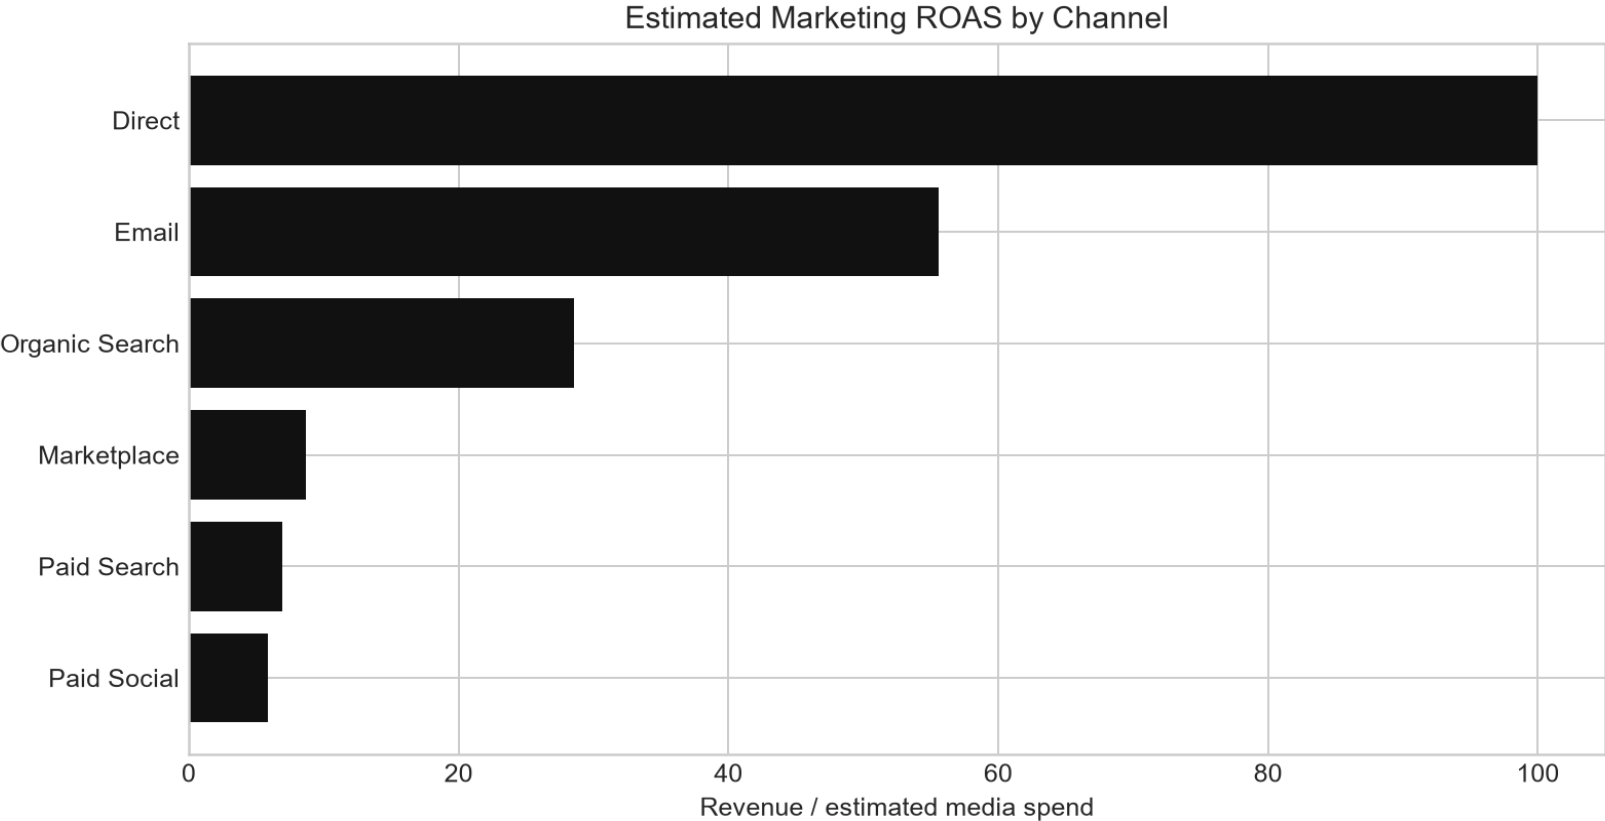

Use Azure/Fabric credits for a short, controlled proof: Lakehouse + Data Factory + Direct Lake report + Data Science notebook, then pause capacity.

A/B Testing Results

Test	Lift	P-value	Inc. margin	Decision
Eyewear PDP hero	6.2%	0.399	R18,533	Keep testing
Bundle offer	21.7%	0.000	R280,051	Roll out
Free shipping threshold	10.3%	0.025	R94,109	Roll out
Email lifecycle	29.9%	0.000	R189,608	Roll out
SEO landing page	5.7%	0.543	R9,425	Keep testing
AI recommendation widget	16.1%	0.009	R110,739	Roll out

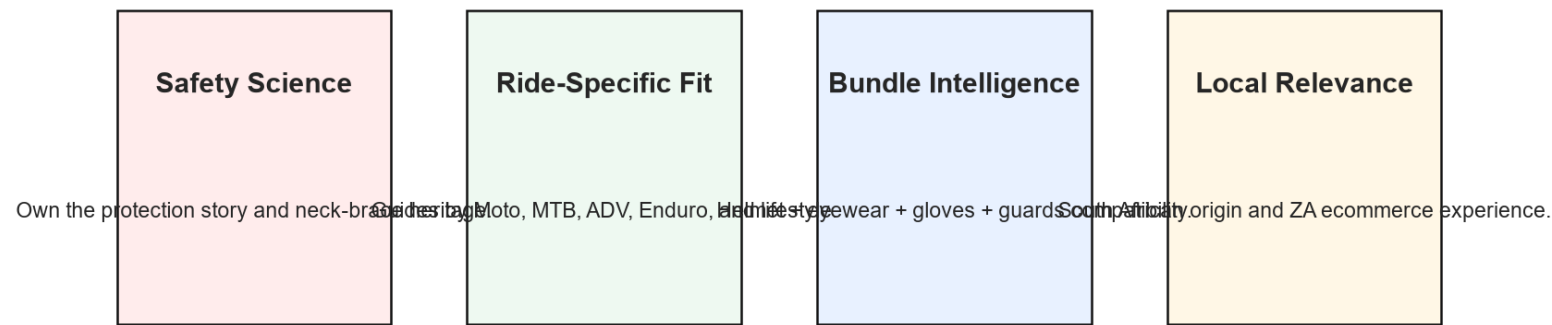

Marketing ROI

Channel	Revenue	Spend	ROAS	Action
Organic Search	R998,001,710	R34,930,060	28.6x	Invest in SEO hubs and product comparison content.
Direct	R677,789,730	R6,777,897	100.0x	Improve returning-user personalization and bundles.
Email	R597,288,831	R10,751,199	55.6x	Scale lifecycle automation and VIP early-access drops.
Paid Search	R724,395,721	R105,037,379	6.9x	Protect high-intent category terms and feed top-margin SKUs.
Paid Social	R717,437,464	R121,964,369	5.9x	Use product demo/UGC creatives; cap spend by margin.
Marketplace	R279,333,958	R32,123,405	8.7x	Use selectively for clearance and demand discovery.

Competitor and SEO Strategy

Competitive Positioning: Where Leatt Can Win

Competitor	Strength	Leatt opportunity
Fox Racing	Brand heat, athlete/race culture, category breadth	Leatt should lean harder into safety science, protection credibility, and South African origin story.
Alpinestars	Technical authority, motorsport heritage, premium protection	Compete with test evidence, fit guides, and protection-first product storytelling.
100%	Eyewear specialization, clarity/anti-fog/ventilation messaging	Flag Leatt eyewear, emphasize lens protection, riding conditions, and bundle with helmets.
Oakley	Optical tech brand equity, virtual try-on, athlete credibility	Leatt must avoid pure optics battle; position eyewear as protection plus ride-specific value.
SCOTT	Goggle depth, field-of-vision and anti-fog feature messaging	Use comparison content: Leatt vs Scott by lens, fit, helmet compatibility, price.

SEO Roadmap

Keyword/theme	Intent	Target page	Priority
motocross boots south africa	Transactional	Moto Boots collection	High
mtb goggles south africa	Transactional	MTB goggles collection	High
best mountain bike sunglasses	Commercial research	Lifestyle eyewear collection	High
motocross neck brace	Commercial research	Protection/neck brace PDPs	Very high
enduro body protection	Commercial research	Body protection collection	High
mtb helmet and goggles bundle	Transactional	Bundle landing page	Very high
motocross goggles anti fog	Problem aware	Goggle PDP/guide	Medium
adventure motorcycle gear south africa	Commercial research	ADV collection	Medium
leatt sunglasses review	Brand/commercial	Eyewear PDPs	High
mtb knee guards south africa	Transactional	Protection collection	High

AI and Azure Credit Plan

AI use case	Value	Complexity	Metric
AI product recommender	High	Medium	AOV, attach rate, margin per visitor
AI search and fit assistant	High	Medium	Conversion rate, return rate, support deflection
Review intelligence	Medium	Low	Return rate, product copy improvement backlog
Creative testing copilot	Medium	Low	CTR, CVR, creative fatigue
Demand forecasting	High	Medium	Stockout risk, inventory turns, revenue capture
SEO content generator with guardrails	Medium	Low	Organic clicks, assisted revenue
Fraud/returns anomaly monitor	Medium	Medium	Refund leakage, operational risk

Timing	Azure/Fabric activity	Deliverable	Credit use
Day 1	Create Fabric trial/capacity or use Azure F SKU on offer workspace	Configure workspace, capacity admin, region, budget alert.	No spend until approved
Day 1	Lakehouse + OneLake landing zone	Upload parquet, customer scores, catalog CSV, source register.	Low
Day 2	Data Factory pipeline	REST product JSON copy, parquet load, scheduled refresh, basic monitoring	Low/Medium
Day 2	Warehouse/semantic model	Create gold star schema and Power BI measures from supplied DAW	Low
Day 3	Power BI Direct Lake report	Executive, product, marketing, A/B, SEO, AI, ML monitor pages.	Medium
Day 3	Fabric Data Science notebook	Train propensity and forecast models; register model outputs.	Medium
Ongoing	Cost control	Pause capacity when idle, monitor Fabric Capacity Metrics, export Cost report.	Critical

Six Week Campaign Calendar

Period	Campaign	Focus	Channels	Message
Week 1	Eyewear performance push	SpeedViz/RideViz/TheViz	Paid social + SEO guide + email	Lens clarity, eye protection, lifestyle-to-trail crossover
Week 2	Protection science	Neck brace/body protection	SEO guide + video demo + retargeting	Safety credibility and fit confidence
Week 3	Moto boot authority	Boots 4.5/5.5/6.5	Search + shopping + comparison landing pages	Enduro vs MX choice
Week 4	Bundle builder	Helmet + goggle + glove	A/B test + cart recommendation	Compatible kit, higher AOV, simpler decision
Week 5	VIP early access	New arrivals/sale	Email/SMS lifecycle	Reward loyalty and clear high-intent inventory
Week 6	ADV pack list	ADV gear	Long-form SEO + social carousel	Trip readiness and protection stack
